wearever®

for men

Live life on your terms and look good doing it

! CHOOSE LIFE – NOT LEAKS!

Managing Bladder Leaks

We all want to get out and be active – but what if you are one of the 1 in 10 men who leak with exercise or coughing? Or you are one of the up to 40% of men suffering from Stress Urinary Incontinence (S.U.I.) Post-Prostatectomy? Extra pressure on the bladder with energetic movements can be just enough to allow the urine to spill...or perhaps you just suffer from post-void dribbling?

Fear of disposable pad saturation and odour can restrict social confidence and mobility. The award winning range of Washable Incontinence Underwear solutions (ideal for light to moderate incontinence) from iMEDicare Pelvic Health Naturally can help to restore confidence and improve quality of life – all whilst being kinder to the environment.

Featuring a diverse range of styles (Classic Brief / Boxer Brief / Boxer) and colours (White / Blue / Dark Grey) with sizes up to 5X – Weavever absorbent products have a Triple Layer Hydrex System: a top sheet that wickers moisture away from the skin, and a core area that locks in the moisture, with a waterproof outer layer – giving you the confidence to get out doors and be active again.

MBB-100
BOXER BRIEF

iMEDicare offer a **FIRST PACK GUARANTEE**

on a 3 pack purchase – either a full refund within 30 days or an exchange to a different style until you find what works best.
