

Have you had skin irritation or infections from Diapers or Catheters?

Do you dribble, leak, or have ongoing bladder control issues?

Men's Liberty has sold more than 5 million non-invasive external urine collection devices (Global).

"After many complications with prostate surgery, I was left with complete incontinence. Every day was miserable and I did not want to go anywhere. After my doctor offered the Liberty, life has been much better. I can now drink what I want and lead a more normal life. I am very thankful Men's Liberty has allowed me to be active again."

Phil C.
Men's Liberty
User Since 2015

Men's Liberty is covered By NHS GP Prescription and Available To Most For Little to No Out-Of-Pocket Cost.

NHS Prescription may require a letter of endorsement from your Urologist / Continence Advisor or Pelvic Floor Physio. Alternatively, you can buy and try Men's Liberty directly from iMEDicare.

Looking For**

Manage Incontinence

Men's Liberty helps you:

- ✓ Feel comfortable and dry all day & night
- ✓ Gain freedom from the irritation and expense of diapers and pads
- ✓ Eliminate condom catheter pop-offs and leaks
- ✓ Reduce irritation from traditional adhesives and latex

Men's Liberty is made of a gentle, skin friendly material called hydrocolloid, a proprietary adhesive that softly stretches and moves with a man as he changes position.

Unlike diapers that can cause diaper rash, yeast infections, and dermatitis, Men's Liberty attaches securely and comfortably to the tip of a man's anatomy, directing urine to a discreet collection pouch (240ml), to which other extension tubes / bags can be attached.

AFFORDABLE

Available to most for little to no out of pocket cost. Men's Liberty is covered by NHS GP Prescription - stop paying for diapers privately and start saving hundreds of £'s each year.

COMFORTABLE

A completely external device that fits most male penile anatomy. **One Men's Liberty keeps you dry and comfortable for up to 24 hours.**

DEPENDABLE

Until Men's Liberty, men with urinary incontinence faced only uncomfortable and risky choices. Over 5 million Men's Liberty devices have been used with **no confirmed UTI's or serious skin injuries.**

24/7 FREEDOM

This patented and proprietary external collection device for men **ends dependency on adult diapers, pads and condom catheters.**
